

Let's make the slopes "SAFE" & Fun for Everyone!

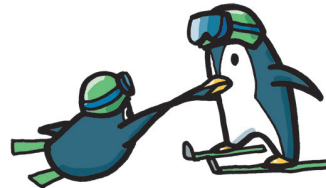

~Follow these rules and manners~

1st timer Penguins!

- 1 Choose somewhere safe when walking with boots or playing in the snow.

- 2 Listen carefully to your instructor or the ski area staff.

- 3 Be nice and help your friends when they are in trouble.

Now that you're a Koala,
can you do this too?

4 Ride the lifts correctly and
behave while on the lift.

5 Look around carefully
when you start to ski or
when joining another slope.

**Getting the hang of things?
Squirrels can follow these too!**

6 Get up quickly on your feet
when you fall.

7 Move to the side of the slope
when standing still.

You Elephants are looking great 😊

Time to start thinking about others too!

8 Always think about others around you and ski or ride safely.

- is your speed too fast?
- are you surprising anyone?
- are you too close to anyone?

Now that you're a Bunny,
start looking at the information around you!

9 Look at the signs and follow what they say!

Finally, an expert Cheetah!

Review all the rules and follow them too!

10 If you find someone who is hurt
or in trouble, inform an adult!
